FORTY-SECOND ANNUAL PUBLICATION.

EDINBURGH:
PRINTED BY BALLANTYNE AND HUGHES.

FIVE SHILLINGS.

NOTICE.

THE Publisher of the EDINBURGH AND LEITH DIRECTORY, in laying before the Public the edition for the year 1847-48, begs to express his gratitude for the patronage which he has hitherto received, and he has great pleasure in bringing before them the present publication, which he hopes will merit their kind approval, as every exertion has been made on his part to secure their confidence.

Several circumstances have conspired to retard the publication of the present volume of the Directory beyond the period intended, none of which, the Publisher confidently anticipates, are likely to occur on any subsequent occasion.

N.B.—On Sunday the Letter-Bags are not collected from the RECEIVING-HOUSES.

Inland Postage and General Regulations.

ALL LETTERS and NEWSPAPERS are invariably forwarded by the earliest Mail after being posted. The consequence of Letters and Newspapers mis-sent (a circumstance every care will not prevent entirely, from the rapidity with which the duty has to be performed) being a delay in their delivery, too much care cannot be taken to obtain a FULL AND LEGIBLE ADDRESS, which will facilitate the correct despatch of the letters to their destination, and insure their speedy delivery.

ALL INLAND LETTERS and PACKETS, including those from the Channel Islands and the Isle of Man, if *pre-paid*, are subject to the following rates of postage:—

Not exceeding half an ounce in weight,	1d.
... .. one ounce,	2d.
... .. two ounces,	4d.

And so on, two rates being added for every ounce up to sixteen ounces, beyond which, with the following exceptions, no Packet, whether subject to postage or not, can be received:—

Parliamentary Petitions and Addresses to her Majesty.

Parliamentary Proceedings.

Letters and Packets addressed to or received from the Colonies and Foreign Countries.

Letters and Packets to and from Public Offices and Public Departments.

Deeds, if sent open, or in covers open at the sides. They may be tied with string and sealed, in order to prevent inspection of the contents, but they must be open at the sides, that it may be seen that they are entitled to the privilege.

Bankers' Parcels despatched from London, and specially delivered at the General Post-Office, under certain regulations.

With these exceptions, all Packets above the weight of sixteen ounces will be forwarded to the Dead Letter-Office.

Inland Letters and Packets sent UNPAID, are charged double the amount of postage to which they would have been liable had they been pre-paid. The Scale of Weight in force for General Post Letters is equally applicable to Letters passing through the local penny-posts throughout the Kingdom, and to those passing through the local posts of Edinburgh, London, and Dublin; the Regulation which restricted the weight of these latter to four ounces having been abolished, they are subject to the same Rules and the same Charges as General Post Letters, and must be paid in advance, or they will be liable to double the rate to which they would otherwise be subject.

Adhesive Stamps and Envelopes.

Letters written on Stamped Paper, or enclosed in Stamped Covers, or having Stamps affixed to them, the Stamps in every such case being equal to the rates of Postage chargeable on such Letters, if pre-paid, will pass free of all other Postage Charge in whatever part of the United Kingdom they may be posted.

In those cases where the value of the Stamps on the Letter is less than the amount of Postage to which it would be liable if prepaid, the letter will be charged double the amount of such deficiency on delivery; and the same Regulation applies to Letters pre-paid by Money, where the full and proper rate of Postage has not been paid in advance.

Adhesive Stamps should be placed on the front of the Letter, and upon the right hand corner of the upper side, and care should be taken that they firmly adhere to the Letter.

Every Postmaster, Sub-Postmaster, and Letter Receiver, without exception, will sell the Postage Label Stamps, Stamped Envelopes, and Stamped half sheets of paper, to the Public at the following Prices:—

The Penny Label Stamps, at 1d. each.

The Twopenny ditto, . . . 2d.

The Penny Envelopes, 24 for 2s. 3d. or 2 for 2½d.

The Twopenny ditto, 12 . . 2s. 2d. . . 3 . . 6½d.

Stamped half-sheets of paper, 1½d. each, or the quire of 24 for 2s. 3d.

They are also sold at the CHIEF OFFICE, WATERLOO PLACE, Edinburgh.

NEWSPAPERS AND SUPPLEMENTS TO NEWSPAPERS.

It is not compulsory to send Newspapers or Supplements to Newspapers by the Post, but those that are intended to be so transmitted, and are entitled to pass free, must be sent in covers, open at the sides, and no words of communication may be printed on such papers after the same shall have been published; nor must there be any writing or marks upon any Newspaper, or the cover, nor any printed words or communication on the cover, except that Newsvenders ONLY may PRINT their names and addresses thereon. Newspapers may be examined by the Officers of the Post-Office; and if there be any breach of the above regulations, the packet is chargeable with treble the amount of postage which a letter of the same weight would have been liable to. And any person who shall write or enclose any thing in any Newspaper, or the cover thereof, or shall print any words or communication on a Newspaper, after it shall have been published, to be sent by the Post; or any person who shall knowingly send, or cause to be sent, by the Post, a Newspaper, in respect of which any one of those offences has been committed, may, at the option of the Postmaster-General, be prosecuted as for a Misdemeanour.

Newspapers pass free by the Edinburgh Local Posts, except in those cases where they shall be posted and delivered within the limits of the General Post Delivery, when the postage is one penny on each Newspaper.

PRICES CURRENT and COMMERCIAL LISTS published in the United Kingdom, if duly stamped, and under the weight of two ounces, will be treated as Newspapers, and enjoy the Newspaper privileges—the sanction of the Postmaster-General having been previously obtained.

*** As the mere affixing a Newspaper Stamp on any new periodical publication will not entitle it, as a matter of course, to pass free by the Post, those who may be about to publish, for the first time, any such paper, should submit a copy to the Postmaster-General, in order that it may be determined whether the publication is of a nature that will entitle it to pass free of postage.

Clause of the Act of 1st Victoria, cap. 34, sec. 32.—"And be it further enacted, that in all cases in which a question shall arise, whether a printed Paper is entitled to the privileges of a Newspaper or other Publication hereby privileged, so far as respects the transmission thereof by the Post under the Post-Office Acts, the question shall be referred to the determination of the Postmaster-General, whose decision, with the concurrence of the Lords of the Treasury, shall be final."

PEERS and MEMBERS of PARLIAMENT.

Members of either House are entitled to receive, free of charge, PETITIONS to PARLIAMENT, provided that each Petition is sent without a cover, or in a cover open at the sides, and does not exceed the weight of Thirty-two Ounces.

ADDRESSES to her MAJESTY pass free.

PRINTED VOTES and PROCEEDINGS of the IMPERIAL PARLIAMENT, or of the COLONIAL LEGISLATURES, are charged—

Under four ounces.....1d.

Above four and under eight ounces.....2d.

Above eight and under twelve ounces.....3d., and so on.

Such Votes and Proceedings, whether paid or unpaid, pass at these rates between places in the United Kingdom as well as to the Colonies, by PACKET. The Postmaster-General is authorized (if he shall see fit) to delay the transmission of Printed Votes and Proceedings in Parliament for any space not exceeding Twenty-four hours from the time at which the same would otherwise have been forwarded.

REGISTERED LETTERS.

The system of Registration provides a secure mode of transmitting Bank Notes, Bank Post Bills, Drafts, &c. &c. The arrangements have been made with the view of ensuring the punctual delivery of Registered Letters: on their delivery, the parties to whom they may have been addressed will be required to acknowledge in writing their receipt. Letters can be registered on payment of a registration fee of one shilling, in addition to the ordinary rates of postage. The registration fee and the postage on all registered letters must be paid in advance. Such as bear a sufficient number of stamps will be considered as paid letters; but the registration fee of one shilling must always be paid in money.

Registered Letters will be taken at the General Post-Office, at the Receiving-Houses, and by all Postmasters throughout the United Kingdom, until within half an hour of the closing of the Box for the particular Mail or Bag by which they are to be dispatched.

An acknowledgment of receipt will be given to the parties registering Letters, and each receipt must bear the Office dated stamp.

The practice of committing Letters containing valuable property to the Post-Office unregistered should in all cases be avoided. It is expected that persons having occasion to transmit letters of value, will avail themselves of the proper means of security, and in no case, by committing property unregistered to the Letter-boxes, risk its loss. If, however, notes are sent, the parties should be recommended to cut them in halves, and the second halves should not be dispatched until the receipt of the first has been acknowledged. The numbers, dates, and amounts, should also be carefully taken.

REDIRECTED LETTERS.

Redirected Letters are subject to additional rates of Postage; but whether the Letters have been originally prepaid or not, they are only liable to be charged at the prepaid rate for the additional Postage, which is to be paid on delivery.

OVERCHARGES, DELAYS, &c.

In all cases of complaint, whether arising from overcharges, delays, and other irregularities, the covers (and contents in all practicable cases) should be forwarded to the Secretary, General-Post Office, for investigation, as affording the only efficient means of answering such complaints satisfactorily. Overcharges, however, are returned at the General Post-Office between the hours of ten and four, on presenting the overcharged Letters at the window of the Paid Letter Office.

LETTERS NOT TO BE DELIVERED BACK.

To prevent the possibility of Letters being surreptitiously obtained from the Offices where put in, office-keepers are strictly forbid returning, to any persons whomsoever, Letters that may be applied for, under whatever circumstances the recovery may be urged. This is, moreover, forbid by the established principle, that the instant a letter is committed to the Post, it is no longer the property of the Sender.

ILLEGAL CONVEYANCE OF LETTERS.

By the 1st Victoria, cap. 36, sec. 2, any person illegally conveying Letters incurs a penalty of L.5 for every offence, and L.100 for every week the practice is continued. The Sender also incurs a penalty of L.5 for every offence, with full Costs of Suit.

ARTICLES WHICH MAY NOT BE SENT BY POST.

Letters or Packets cannot be forwarded, conveyed, or delivered by the Post-Office containing any of the following enclosures—viz., any Glass or Glass Bottle, any Razor, Scissors, Knife, Fork, or other sharp or pointed instrument; any Leeches, Game, Fish, Flesh, Fruit, Vegetable, or other perishable substance; any Bladder, or other vessel containing liquid; or any article, matter, or thing whatsoever, which might, by pressure or otherwise, be rendered injurious to the Officers of the Post-Office, or to the contents of the Mail-bags: and the Act 3 and 4 Victoria, cap. 96, expressly directs that no letter shall be sent by Post containing any EXPLOSIVE OR OTHER DANGEROUS MATERIAL OR SUBSTANCE.

Money Order Office.

Money Orders are issued and paid at the General Post-Office, Edinburgh, between the hours of 10 and 4.

The commission chargeable for Money Orders is threepence on sums not exceeding L.2, and on sums above L.2, and not exceeding L.5, sixpence. No order will be given for sums beyond this amount.

The Money Order Office, and the system of Registration, have been devised expressly for the security of Money and other valuable property transmitted through the Post-Office. With the great convenience thus afforded for transmitting small sums at so low a charge, and the power given of Registering Letters containing value, it is hoped the Public will no longer forward letters of value *except in one or other of these methods.*

In all cases where personal attendance is inconvenient, if the Money Order is receipted by the person to whom it is made payable, and the party presenting it for payment can afford full information as to the Christian name, surname, address, and occupation of the person *who originally obtained the order*, payment will be made; but unless these conditions are strictly complied with, it will be refused.

The following is the list of places in Scotland, England, Wales, and Ireland, upon which alone Money Orders can be drawn, and at which they can be issued. A Money Order intended for a person residing at a place in which there is no Money Order Office, should be drawn upon the Post Town nearest to it, which may have a Money Order Office:—

Foreign and Colonial Letters and Newspapers. General Regulations.

The prepayment of Postage being optional to many parts abroad, Foreign as well as Colonial, a table of the places in such countries to which letters may be forwarded unpaid is given.

Letters for the Colonies and Foreign Countries, which may be posted unpaid, specially addressed to be forwarded by routes which require the postage to be paid in advance, will not, if there are any means of transmitting them, be opened and returned to the writers for payment of such postage, but will be despatched if possible by other routes unpaid.

WEIGHT OF LETTERS.

Letters being now charged by weight in this country, as well as abroad, the British scale of progression is as follows :—

Not exceeding ½ oz. one Rate.
 do. do. 1 oz. two Rates.
 And two Rates for every succeeding oz.

The French and Belgian scale of progression is as follows :—

Under ½ oz. one Rate
 Weighing ½ oz, under ¾ oz. two Rates.
 And one Rate for every succeeding ¼ oz.

In charging the British and Foreign COMBINED rates, it must be observed that a letter upon which the Foreign postage is to be paid will be liable to two Foreign rates if it reaches the ¾ oz. (the single rate being under that weight) and so on, whereas two British rates are not chargeable unless the letter exceeds ½ oz. (the limit for a single British rate;) so that a letter to be subject to a single Foreign rate, as well as British, must be under a ¾ oz. Foreign and Colonial letters are exempt from the limitation of weight.

SHIP LETTERS.

All ship letters must be pre-paid, and the rates of postage on "Ship," as on other letters, are taken by weight. The single uniform rate on ship letters between the United Kingdom and any place beyond seas, (except those for France, Belgium, Holland, Hamburgh, Bremen, Brunswick, and Hanover, to which places the rate is the same as by packet,) when conveyed by private ship, is 8d. under the ½ oz. and so on, in whatever part of the United Kingdom the same may be posted or delivered. Letters intended to be conveyed by "private ship" should be so addressed.

PERSONS EXEMPT FROM SHIP LETTER POSTAGE.

The owners, charterers, and consignees, resident in the United Kingdom, and owners, consignees, and shippers of goods on board vessels inward bound, are entitled to receive their letters free from sea postage (the inland postage only being chargeable) to the extent of 6 oz. collectively by any one vessel to any such person. In the case of vessels coming from Ceylon, the Mauritius, the East Indies, or the Cape of Good Hope, for an owner, charterer, or consignee of such vessel, the letters may collectively be 20 oz. in weight. The owner, charterer, or consignee, must be described as such on the address or su-

prescription; and, in the case of owners, consignees, or shippers of goods, it must also appear by the ship's manifest that they have goods on board the vessel. Such persons are entitled to have their letters which come within the above conditions, before the master of the vessel delivers the other letters in his charge to the Post-Office.

* Any person who shall, with intent to evade any duty of postage, falsely superscribe a letter as being the owner, charterer, or consignee of a vessel conveying the same, or as the owner, shipper, or consignee of goods shipped in such vessel, shall, for every offence, forfeit L.10.

LETTERS NOT TO BE SEALED WITH WAX WHEN SENT TO WARM CLIMATES.

The practice of sealing letters which pass to and from the East Indies, and other warm climates, with wax, leads to much inconvenience and delay, as well as injury to the letters, notwithstanding the greatest care is taken to separate them, in consequence of the melting of the wax and adhesion of letters to each other. The public, therefore, are recommended, in all such cases, to use wafers instead of wax, and to advise their correspondents to do the same.

ADHESIVE STAMPS AND ENVELOPES.

Stamps may be used to pay foreign or colonial letters OUTWARDS, but care must be taken that, by the addition of such stamps, the letters do not exceed the weight intended to be paid for. In those cases in which the value of stamps on the letters is less than the amount of postage chargeable, they will be treated as unpaid letters, and the stamps become forfeited; and where they cannot be forwarded as unpaid letters, they will be sent to the Dead Letter-Office, and opened and returned to the writers for the proper postage. Stamps are not permitted to be used on letters arriving in the United Kingdom from the colonies or foreign countries. Whenever, therefore, such letters bear any, they will be charged the full rate of postage, without regard to such stamps. These regulations will be applicable to newspapers in those cases where they are liable to postage.

NEWSPAPERS, AND PRICES CURRENT, TO THE COLONIES AND FOREIGN COUNTRIES.

Newspapers and Prices Current duly stamped and authorized, provided the regulations are complied with, and they are posted within seven days of their publication, may be forwarded to the colonies and to foreign countries, by Post-Office packets or private ships. To the British colonies they are forwarded free, as also to many foreign countries, which will be found in the Lists. But to all places to which newspapers are not sent free, the postage on them must be paid in advance. Newspapers and prices current, duly stamped to the colonies by PRIVATE SHIP, are charged one penny each. To France, Belgium, Holland, and countries through Holland, by PRIVATE SHIP, one penny each. Chili, Peru, Guatemala, Western Coast of America, Venezuela, St Helena, St Mary's River, Gambia, Sierra Leone, Cape-Coast Castle, Fernando Po, and Ascension Island, one penny each. All other places not British, by PRIVATE SHIP, twopence each, which must be paid at the time of posting the same.

The undermentioned printed PRICES CURRENT having obtained the sanction of the Lords of the Treasury, pass through the Post-Office to the colonies and foreign countries at One Penny each, provided they contain simply the names and prices of articles. The names and addresses of the parties dealing in such articles must be excluded:—

Annual Supplement to Prices Current.

British ships entered inwards and cleared outwards from and to places within the limits of the East India Company's charter.

Commercial Daily List.

Lloyd's List.

London new Price Current.

London Mercantile Price Current.

Mercantile Journal.

Nicholson's New Price Current.

Prince's Price Current.

Sound List.

Trades' List.

Universal Corn Reporter.

Wetenhall's Course of the Exchange.

Each copy to be made up in the same way as a newspaper, with cover open at the sides.

The title of the publication must be written or printed immediately above the address; and any other writing than such address, name, initial, or mark for reference of any kind, calculated to convey information as to the party by whom such publication is forwarded, will subject the same to full letter rates of Postage.

Prices Current cannot be forwarded a second time without being charged full letter postage.

Prices Current from any colony or place abroad by private ship, are charged the same rate as newspapers. Prices Current from any British colony by packet, direct to any place in the United Kingdom, one penny each.

Prices Current from any foreign country by packet, (except France, Belgium, Holland, and China,) direct to the United Kingdom, twopence each.

Prices Current from whatever part (except China) received, by way of France, Belgium, Holland, or Hamburg, twopence each.

PERIODICAL PUBLICATIONS, &c.

Periodical works, not strictly newspapers, published as pamphlets, parliamentary proceedings, &c., may be forwarded to and from France, Belgium, Holland, and Prussia only (but not to countries passing through) under the following regulations:—

- 1st, The postage must be paid in advance (except those from)
- 2d, They must be sent in covers open at the sides for examination.
- 3d, They must be printed in the English language, or the language of the country they are sent from.

The rate on such works will be as follows:—

Not exceeding 2 oz. in weight, one penny.

Not exceeding 3 oz. in weight, sixpence.

And twopence for every additional ounce to sixteen inclusive, beyond which weight no publication can be forwarded except paid for as letters.

Plates of fashions, music, &c. accompanying newspapers and periodicals, are to be considered as part of such publication, and are not liable to extra charge. Prints published with newspapers and duly stamped may be sent by post separately as a newspaper, but those bearing the supplement stamp of $\frac{1}{2}$ d. only must be sent with the paper it belongs to, and be under the weight of two ounces.

Periodicals posted without previous payment will be forwarded as unpaid letters, and no single pamphlet or work unnumbered, and without reference to its continuance at any other time or period, can be considered or taken to be a periodical.

PRINTED VOTES AND PROCEEDINGS OF THE IMPERIAL PARLIAMENT, AND OF THE COLONIAL LEGISLATURES,

Whether paid or unpaid, pass at the same rates between the colonies, by packet, as between places in the United Kingdom. Where there are no packets they may be forwarded by private ships at double these rates. They are not, however, forwarded to the East Indies *via* Southampton and Alexandria, nor to places through France under the full rates of letter postage.

REGISTERED LETTERS.

FOREIGN, COLONIAL, AND SHIP.

In the case of foreign, colonial, or ship-registered letters, it must be clearly understood that registration cannot extend beyond the port of dispatch in the United Kingdom, and the office does not engage for the security of any registered foreign, colonial, or ship letter longer than while the contents of the mail shall be in the custody of the British Post-Office. Letters, however, addressed to France, and letters passing through France, are exceptions to this rule, the French post-office undertaking to provide for their security till they shall have been delivered, if addressed to France, and so long as they remain in the French territory, if passing through France. All registered letters to and from France and countries passing through France must be paid to their destination, or to the furthest limit, and are subject to the following regulations:—

1st, A registration fee of one shilling in addition to the British portion (or rate) of the postage upon such letters.

2d, The foreign portion of the rate must be calculated, and the amount doubled.

Registered Letters for Belgium and countries through Belgium,

... .. Holland and countries through Holland,

... .. Hamburg and countries through Hamburg,

are charged with the British registration fee of one shilling only, in addition to the postage an ordinary letter would be liable to, and the postage must be prepaid.

Registered letters for Prussia or to foreign countries through Prussia, must be pre-paid the full postage (British and foreign) as well as the British registration fee of one shilling; and a farther charge of three pence on each registered letter, whatever may be its weight, on account of the Prussian registration fees. It is hoped that the public will take the precaution to register all letters of value.

REDIRECTED LETTERS.

Redirected letters between France, Belgium, and Holland, and countries the correspondence of which passes through France, Belgium, and Holland, and the United Kingdom, are returned charged with the same amount of postage that should have been paid by the receivers. Letters originating in the United Kingdom, redirected from France, Belgium, or Holland, are returned under the same conditions, and are liable to a farther charge of British postage—viz., 5d. from Calais, and 8d. from Holland.

All other redirected letters, which cannot be forwarded without prepayment of postage, must be sent to the Dead Letter Office to be returned for the amount due—viz., for their conveyance to the United Kingdom (if the postage to the United Kingdom is not paid), and for the further amount from the United Kingdom to the place of redirection.

REDIRECTED NEWSPAPERS.

Newspapers originating in the United Kingdom, addressed to parties in France, Belgium, and Holland, who have returned, may be redirected (on the original covers) to them, and are liable to the first charge only.

Newspapers from the colonies and foreign countries for persons who may have removed, may be redirected to them at any place within the United Kingdom free of postage, provided they have not been opened at the place to which they were originally addressed. But a newspaper which has been opened is charged at the same rate as if it were a letter from the place of redirection to the place at which it may be ultimately delivered. Newspapers upon which any colonial or foreign postage may be

due when redirected, shall be delivered at any place within the United Kingdom for the same amount of postage that would have been chargeable had they been delivered at their original address. Newspapers from one foreign country or colony to another in transit through, and addressed to the care of a person in the United Kingdom, may be redirected forward without extra charge, provided they have not been out of the custody of the Post Office, but such newspapers cannot be reposted without incurring the charge of letter postage.

NON-COMMISSIONED OFFICERS, SEAMEN, AND SOLDIERS IN HER MAJESTY'S SERVICE.

Letters to seamen and soldiers may be forwarded by post at the rate of one penny each, under the following regulations:—

1st, The penny must be paid at the time the letter is put into the Post-Office.

2d, The direction must signify the class of seaman or soldier.

3d, The name of the ship, regiment, or corps to which he belongs.

4th, The letter must not exceed half an ounce, and be upon their private concerns only.

Letters for seamen and soldiers, whether in her Majesty's or the East India Company's military or naval service (while on actual service), may be forwarded under the foregoing regulations to India, China, &c., *via* Southampton.

Letters to seamen and soldiers cannot be forwarded to or through any country requiring the payment of any foreign or transit postage.

Letters to seamen and soldiers cannot be forwarded to any colony or place abroad, unless the postage has been prepaid, but will be sent to the Dead Letter Office, and opened and returned to the writers.

Letters for seamen and soldiers forwarded by private ships (with the following exceptions:—St Helena, East Indies, New South Wales, Cape of Good Hope, and Mauritius), are charged 3d. each.

Warrant officers, either in the army or navy, or masters' mates, or engineers of the navy, are not entitled to transmit letters at less than the usual rates of postage.

Seamen or soldiers' letters received from any part beyond sea, upon which the said penny has not been prepaid, shall be charged to the receiver with double the rate—viz., 2d. each.

REDIRECTED LETTERS FOR OFFICERS, SOLDIERS, AND SEAMEN.

Letters addressed to commissioned officers in the army or navy, and upon which any foreign or colonial postage shall have been paid, or may be due, may be redirected to such officers when removed upon service (whether at home or abroad), and shall be delivered to them for the same amount of postage that would have been chargeable had they been delivered at their original address. Soldiers' and seamen's letters are not liable to any additional rate upon redirection.

NEWSPAPERS, PERIODICALS, &c., CHARGED FOR IRREGULARITIES.

Newspapers posted out of date, written on, or in any way marked for reference, or containing any thing contrary to the act, or without being prepaid when required, will, if there be no means of forwarding them as unpaid letters, be sent to the Dead Letter Office. When they can be forwarded, those out of date or not prepaid, as required, will be charged with the ordinary letter postage, but for the other irregularities mentioned they will be charged three times the latter rate.

Newspapers posted in France, contrary to the established regulations of that country, are transmitted to this country as letters. British newspapers reposted in France for England are charged with the British frontier postage of 5d. per half ounce.

ATLAS ASSURANCE COMPANY.

(92, CHEAPSIDE, LONDON; ESTABLISHED 1808.)

(CAPITAL—ONE MILLION TWO HUNDRED THOUSAND POUNDS.)

LIFE DEPARTMENT.

THE attention of the Public has, in the Advertisements and Proposals of this Company of late years, been called to a Table of Additions applicable to and expectant on Policies of particular dates and ages; the Directors now beg to submit the following statement of Claims, *actually paid*, showing the Sums respectively assured and the Bonuses thereon; and they request, in order to show the advantageous plan of Assurance proposed by this Company, that Persons desirous of effecting Assurances on their Own Lives or on the Lives of others, will compare the statement now submitted, with the Addition or Bonus of any of the other Offices which may apply to a Policy issued by them since 1816, when the Atlas Company adopted the Bonus System.

Statement of Claims paid on Policies effected in London or through an Agent in Great Britain.

The amount of such additions, when so ascertained, may be applied, at the option of the person assured, in either of the three following ways, viz.

1st, In adding to the sum assured by the Policy.

2d, In reducing the future annual premium.

3d, In rendering the parties assured free from all payments of premium, after a fixed number of years.

As to the Rates charged by the Company, it may suffice here to say, that the Tables adopted by the Directors were originally framed upon the soundest principles of mathematical computation; and the practice of the Equitable Society has put them to the unerring test of long and extensive experience.

Persons assured for the whole term of Life, for £100 and upwards, will have an addition made to their Policies every seventh year, or an equivalent in any of the ways above mentioned.

Policies may also be effected for the whole term of life by a limited number of yearly payments.

THE FOURTH SEPTENNIAL VALUATION has been made to Christmas 1844, and the very favourable result will at once appear from the following Table, showing the additions that would be made to Policies for £1000, which have been in force for the full period of seven years ending

at Christmas 1844, and also the amounts that would be deducted for the future payments of Annual Premiums thereon, either for the remainder of life or for the term of the next seven years only.

do.	63 13 4	60	144	10 1 8	17 7 4

These results completely establish the benefits to be obtained by an Assurance with this office. Assurances for short periods may now be effected in this office at considerably reduced rates of Premium.

FIRE DEPARTMENT.

RETURNS.—The Directors request reference to the fact, that *Twenty per Cent* was returned by this Company on the amount of Premiums paid for the Five Years up to Christmas 1841, on all Policies for £300 and upwards, which had been in force for one year at that time.

The next periodical Accounts for Returns are making up to Christmas last, 1846.

RENT.—The Office (independent of the Returns) offers to Persons effecting Assurances on Buildings, the further advantage of an allowance for the loss of Rent thereof, when rendered untenable by Fire.

FARMING STOCK is now exempt from Duty, and may be assured *without the average clause*.

On assurances of seven years by one payment, a deduction of one-seventh part of the premium and duty will be made.

Printed proposals, and every other information, will be given on application at the Company's Office, where all letters on the subject of assurance may be addressed.

[*Britannia Life Assurance Company—Continued.*]

AMONG OTHERS, THE FOLLOWING IMPORTANT ADVANTAGES MAY BE ENUMERATED;—

Increasing Rates of Premium on a new and remarkable plan for securing Loans or Debts; a less immediate payment being required on a Policy for the whole term of Life than in any other Office.

CREDIT TABLE.—By this Table the Premiums may remain unpaid for five years upon satisfactory security being given for the liquidation of the same at the expiration of that period.

HALF CREDIT RATES OF PREMIUM.

Persons assured according to these rates are allowed credit (without security) for half the amount of the first seven Annual Premiums, paying interest thereon at the rate of Five per Cent per Annum, with the option of paying off the Principal at any time, or having the amount deducted from the sum assured when the Policy becomes a claim.

Policies may thus be effected at lower rates than are generally required for the term of seven years only; whilst the holders have the same security for the payment of their claims, *whenever death may happen*, as if they paid double the amount of premium which would be charged for assurances effected in the usual way.

Policies revived without the exaction of a fine, at any time within twelve months.

A Board of Directors in attendance daily at 2 o'clock.

Age of the Assured in every case admitted in the Policy.

Medical attendants remunerated in all cases for their reports.

LIFE ASSURANCE.

THIS Institution, which combines every advantage of a Scotch and English Office, while it hopes to receive the especial patronage of Episcopalians, rests its claim to the support of the Public generally, on the sound and equitable principles of its scheme.
Assurers may adopt either the participating or non-participating Table of Rates, they being, in the former case, guaranteed by a responsible and wealthy Proprietary in four-fifths of the profits.
[Continued.]

[*Church of England Life and Fire Assurance, Trust and Annuity Institution—Continued.*]

- The following are a few of the advantages derived by persons insuring with this Company :—
- 1st, Perfect security to the Assured.
 - 2d, Tables are framed upon participating and non-participating Rates, and upon increasing and decreasing Rates.
 - 3d, The non-participating Rates are reduced as far as is compatible with the stability of the Office, and the efficient security of the Assured.
 - 4th, Assurances may be effected upon the Lives of persons resident in any part of the world, on more moderate terms than are generally charged by other respectable Offices.
 - 5th, Persons subject to diseases which do not tend materially to shorten life, may be insured upon payment of a moderate additional Premium.
 - 6th, Age admitted in the Policy.
 - 7th, Claims will be paid within three months after proof of death.
 - 8th, Policies forfeited by non-payment of Premium, renewable within twelve months, upon proof of the same state of health, and the payment of the Premium in arrear, with interest thereon.

The Institution transacts business of every description connected with Life Assurance including the granting of Annuities and Endowments for existing and future Children; and by a Deed of Settlement it is declared to be amenable, in the Scotch Courts of Law, as to all Insurances effected in Scotland,—which are likewise subject to the Scotch laws of succession.

THE EXPERIENCE LIFE ASSURANCE COMPANY

Embraces in its constitution the advantages of both the MUTUAL and PROPRIETARY Systems, and by that union secures to parties effecting Assurances Benefits which neither system can separately offer.

IN THE MUTUAL DEPARTMENT OF THE BUSINESS, Assurers have all the advantages which can be obtained in any strictly Mutual Assurance Society, combined with perfect security and freedom from responsibility, and also the prospect of greater profits, as the security afforded by a SUBSCRIBED CAPITAL renders it unnecessary to retain a large portion of these as a Guarantee Fund. Assurers in this class participate in the Profits to the extent of

FIVE-SIXTHS, (OR UPWARDS OF 83 PER CENT.)

which are divided every five years; and in their option the Shares of the Profits may be added to the Sums in their Policies, applied in reduction of their future Premiums, or commuted into a present payment in Cash. The remaining one-sixth of the Profits is added to the paid up Guarantee Fund.

IN THE OTHER DEPARTMENT OF THE BUSINESS, Parties may effect Assurances for fixed sums at a reduced rate of premium, having all the advantage of the Proprietary System on most favourable terms.

THE RATES OF PREMIUM CHARGED

are equitably graduated to the different ages of life, according to the tables of mortality deduced from the experience of seventeen of the oldest Life Offices.

GUARANTEE OF SUMS ASSURED.

The sums in the company's Policies are all guaranteed.

STABILITY OF THE COMPANY.

The Rates of the Company, as well as all its Regulations, are founded on the soundest principles. The transactions are conducted under the superintendence of the Directors. The Books are annually audited and reported upon to a General Meeting of the Association. The ascertainment and division of the Profits will be conducted by Actuaries appointed by the Board of Directors, so that assurers have every security for proper management; while, to meet any unforeseen losses which may be sustained, there is a Capital of

THREE HUNDRED THOUSAND POUNDS

subscribed by a wealthy and influential body.

NOTE.—It is here to be remarked, that the business is purely upon Life Contingencies, and Assurers have not the disadvantage of being connected with any other description of risks. Fire Insurance, for instance, which in many offices is combined with Life Assurance, has no legitimate connexion with it, and the combination is far from advantageous to Life Assurers; as a Company transacting the former class of business, requires a large and burdensome amount of Capital, and the business is much more hazardous and speculative, the contingencies not admitting of the same certainty of calculation as those of Life Assurance.

From the extensive scope of the Company's business, embracing, along with the business of Life Assurance, all varieties of Annuity, Endowment, and Reversionary business, the Company are enabled to offer to the public all the advantages which can be derived from the most skilful and enlightened application of the science of probabilities to the amelioration of the evils arising from the uncertain duration of human life.

[*Continued.*]

[*East of Scotland Life Assurance Company—Continued.*]

PROGRESSIVE LIFE ASSURANCE.

By this entirely new and most important application of the principles of Life Assurance introduced by this Company, the following amongst other great advantages peculiar to the system, are afforded to the Assured:—

Assurances for the whole of Life may be effected at about ONE-HALF OF THE IMMEDIATE OUTLAY required by the ordinary methods of Assurance.

The Assured, under the Progressive System, are entitled, at any time, to have any portion of the amount assured by their Policies, cancelled by the Office. The Assured are thus placed in the advantageous position peculiar to this system, of being able to adapt the amount of their Assurances, from time to time, to their own desires or necessities.

Persons who are assured under this system are entitled, at any time, to have their Policies altered to the ordinary mode of Assurance by equal Annual Premiums.

Specimen of rates by Annual payments progressively increasing during life for an Assurance of £100, payable at the Death of the party: also rates by equal Annual Payments during life, by paying which, at any age, the Assured are entitled to have their progressive Life Policies converted into Policies on the ordinary system of Assurance

Age next Birth-day.	Progressive Premium.	Equal Annual Premium.	Age next Birth-day.	Progressive Premium.	Equal Annual Premium.
15	L.0 17 3	L.1 9 11	40	L.1 10 6	L.2 16 4
20	0 19 4	1 13 6	45	1 14 3	3 6 3
25	1 1 8	1 17 8	50	1 18 4	3 19 8

35	1 7 3	2 8 9	60	3 10 2	6 6 1

From the above, it will be evident that the Company's system of Progressive Life Assurance offers most important benefits, unattainable by any other method of Assurance, to persons EFFECTING ASSURANCES IN CONNEXION WITH LOANS OR DEBTS, TO ALL THOSE WHO LOOK FORWARD TO A FUTURE ADDITION TO THEIR MEANS, WHETHER FROM THE SUCCESSION TO PROPERTY OR THE RESULT OF THEIR OWN INDUSTRY, and in general to the PRUDENT AND SAVING IN ALL CLASSES OF THE COMMUNITY.

This Company grants Loans, either temporary or repayable by instalments, on heritable or personal security in connexion with Life Assurance, on Redeemable Life Annuity, and otherwise, on the most reasonable terms.

Copies of the Company's Prospectus, and full information as to the system of Progressive Life Assurance, and on all other branches of the business, may be had by application at the Head Office of the Company in Dundee, or at any of the Company's Agencies or Branches.

THE allowance of Ten per Cent, which has been made on the Premiums paid on Policies of Seven Years' standing, is the surest proof of the unprecedented success of this Institution.

LIFE DEPARTMENT.

Tables have been calculated expressly for this Institution, and independent of a reduced rate of Premiums, as compared with other offices having a Subscribed Capital, persons assured for the term of life will be entitled, at the end of every seven years, to one moiety of the Profits of the Company, after a deduction of such sum per annum for the guarantee of the Capital, as the Directors may think reasonable, the extent of which is, however, limited by the deed of settlement.

The share of the Profits to be so allowed to the Assured may be applied, either by adding to the amount of their respective Policies such reversionary sums as are equivalent to such profit, or in reduction of the Premiums thereafter to be payable on such Policies, provided such option be declared in writing within three calendar months after the division shall have been declared; but if such option be not so declared, such share of Profits will be added to the amount of the Policies.

A Bonus was declared in June 1829, exceeding one per cent per annum on the sums insured, on an average of the different ages; and two subsequent Divisions of nearly equal amounts were made up to Christmas 1835 and Christmas 1842. On an average of the three Divisions, the Reversionary Bonuses added to the several Policies at the end of every seven years, amounted to about 27 per cent on the total Premiums paid thereon during those seven years, and the whole amount of Bonuses allotted at the three Septennial Divisions exceeded L.530,000.

If any person assured with this Company for seven years, or for life, should die within thirty days after the Premium should become due, such Assurance is to be valid in case the Premium be paid within such period of thirty days.

Loans granted on Life Policies to the extent of their values, provided such Policies shall have been effected a sufficient time to have attained in each case a value not under £50.

No additional Premium will be required from Military Men, unless when called into actual service. No charge will be made for Entrance-Money, Admission Fees, or for Policies beyond the cost of the Stamp.

THE DIRECTORS of the LONDON UNION ASSURANCE beg to intimate that they have appointed Messrs WILLIAMSON and ROBERT RHIND, W.S., Agents for the Company at EDINBURGH.

The LONDON UNION is one of the very oldest Companies in the empire, having been established for upwards of a century and a quarter: and it is indebted for the high position it has acquired to the liberality with which it has invariably met all its engagements. The Society is possessed of a large capital, paid up and invested, and its character and undoubted stability are well known.

Among the Advantages offered by the LONDON UNION, are these:—1st, THE LOWE T RATES OF PREMIUM are charged, being only 1s. 6d. per cent. on common Insurances; and, 2d, a return of one year's PREMIUM AND DUTY is given to those effecting SEPTENNIAL INSURANCES. Thus, a party paying L.30 will be insured for Seven Years, while the Premium and Duty, by Annual Payments, for the same period and an equal amount of insurance, would be L.35; and the Septennial Insurer is, *in addition to this*, entitled to a PARTICIPATION IN THE PROFITS of the business every Seven Years, without incurring any responsibility.

The system of returning the Profits on Fire Insurances was adopted at the foundation of the Union in 1714, and was resumed by them at the term of Christmas last.

Every information and facility will be given to enable parties to effect Insurances upon application to Messrs RHIND, 46, Albany Street, Edinburgh.

RATES OF PREMIUM.

Common Insurances, 1s. 6d.; Hazardous ditto, 2s. 6d.;

Doubly Hazardous, 4s. 6d.,—for every L.100 insured.

No Expense attends the Transfer of Policies from other Offices.

THIS ASSOCIATION combines in its constitution the advantages of a Mutual Assurance Society with those of a Proprietary Company, admitting those effecting assurance with it to participate in the profits of the business without incurring any risk, and, at the same time, affording them complete security by the intervention of an ample capital subscribed by numerous body of Proprietors.

Parties wishing to assure for fixed sums, without participating in the profits, may do so at very moderate rate of Premium.

The Premiums on both the Participation and Non-Participation Scales may be made payable yearly, half-yearly, or quarterly.

Policies are declared to be **INDISPUTABLE AND INDEFEASIBLE** on any ground of **INADVERTENCY OR ERROR**.

With the view of bringing the advantages of Life Assurance within the reach of **ALL CLASSES OF SOCIETY**, Policies are granted for any sum, **HOWEVER SMALL**.

NO ENTRANCE MONEY or Admission Fee charged.

ASSURANCES are granted payable at sixty or at death, if it should occur before that age being attained.

ENDOWMENTS granted to Children payable on their attaining a certain age.

ANNUITIES granted either to commence immediately, at a future period, or in the event of the decease of a party named.

FOUR-FIFTHS of the **PROFITS** are divided among the Policy holders of the Participating class.

THIS Company presents to the assured the advantages of a subscribed Capital, moderate Rates of Premium, and a large proportion of the Profits, without liability for Losses.

The objects of the Company embrace every variety of Assurance on Lives and Survivorships, and the purchase of Reversions, Annuities, and other Life Interests. Premiums may be paid either by a single payment, by annual payments during life, or for a limited period; and also by an ascending scale. The sum assured may be made payable either at death, or at any fixed period. Assurances may be effected either with or without Participation in Profits. *Four-fifths* of the Profits are allotted to Insurers, according to the Participation Scale. The first Quinquennial Valuation was made in 1842, when a Reversionary Bonus was declared, averaging 31 per cent on the Premiums paid during the preceding five years, or an equivalent reduction of nearly 17 per cent on the Premiums payable during the next five years. The following Specimen of Rates is selected from the Company's Tables:—

5. Assurances transacted on the Single Payment or Deposit System.
6. A portion of the Premiums allowed, if desired, to remain unpaid on the Security of the Policy.
7. Important and peculiar Advantages given to parties desiring to restrict or abandon their Policies.
8. Advances made to Policy Holders. No entrance money charged.

The Eighth Annual Report, sanctioned by the General Meeting held in London on 12th May 1847, exhibited an increase of the Society's business far beyond expectation, notwithstanding the great social and monetary depressions of the past year. The Society's income in 1844 was £22,695—last year it was £31,721—now it is upwards of £46,000, thus being doubled in two years. Its Policies now amount to 4163. The mortality claims of last year were, owing to the severity of the year, greater than usual, being £10,312 3s. 8d.; yet less than the expected mortality by £5254 16s. 4d., while the entire *actual* has proved less than the *expected* mortality by £16,282 2s. 4d. The Bonus to Policy-holders, therefore, this year, after leaving the most ample reserve fund, continues at the high *ratio* justified by the Society's almost unprecedented success, varying from 35 to 85 per cent. on the premiums paid, with the option of receiving the same in cash, or by addition to their Policies, or in reduction of Annual Premiums, as in the following:—

LIFE ASSURANCE.

THIS CORPORATION RANKS AMONGST THE FIRST AND MOST FLOURISHING COMPANIES IN SCOTLAND; supported by a large and influential body of Proprietors; giving to the Assured every advantage hitherto offered to the Public.

The PREMIUMS are moderately rated at all ages; and are so modified, by ascending and descending scales and otherwise, as to suit the object of every Insurer at the least immediate outlay, whether to secure a debt, provide for his family, or to convert income into capital for his own use.

When an Insurance is for the WHOLE PERIOD OF LIFE, ONE-HALF OF THE PREMIUMS ONLY REQUIRE TO BE PAID FOR THE FIRST FIVE YEARS AFTER THE DATE OF THE POLICY, the other half may remain unpaid, subject to the payment of interest at five per cent annually, to be deducted at death, or may be previously paid off at convenience.

PARTICIPATING POLICIES share in the Profits without payment of Entrance Money, or incurring the risk attending Mutual Assurance.

BONUSES may be either added to the sum Insured, or applied in reduction of future Premiums. The last Bonus (declared December 1845) averaged Eighty per cent on the Premiums paid.

OFFICE, 20, ST ANDREW SQUARE.

At the formation of this Company in 1836, the Directors were determined that its principles should be such as to make it available to all classes; and they had the advantage of the experience of other offices previously established to enable them to combine all the leading features of a *Mutual*, with the *security and stability* of a Proprietary Company. That the Company has succeeded in carrying out this combination, and proving it by actual experience to be as successful in its issue as was originally contemplated, will at once be seen on a perusal of the Report of Proceedings at the Special General Meeting, held in Aberdeen on 10th July 1846, when the results of the FIRST INVESTIGATION INTO THE COMPANY'S AFFAIRS were fully and satisfactorily explained, and the FIRST BONUS declared on the Participation Policies. The following Table shows the amount of Bonus which has been added to Policies of L.1000, according to the number of years they have been in force.

Date of Policy prior to	Sum in Policy.	Bonus.	Sum in Policy and Bonus Additions.	Per Centage of Bonus on Sum Insured.
1837, April 30,	L.1000	L.125 0 0	L.1125 0 0	12½
1838, ...	1000	112 10 0	1112 10 0	11¼
1839, ...	1000	100 0 0	1100 0 0	10
1840, ...	1000	87 10 0	1087 10 0	8¾
1841, ...	1000	75 0 0	1075 0 0	7½
1842, ...	1000	62 10 0	1062 10 0	6¼
1843, ..	1000	50 0 0	1050 0 0	5
1844, ...	1000	37 10 0	1037 10 0	3¾
1845, ...	1000	25 0 0	1025 0 0	2½
1846, ...	1000	12 10 0	1012 10 0	1¼

The Additions here made cannot fail to be highly satisfactory; and the system which the Company has adopted in regard to the Allocation of the Profits, may fairly claim a preference to the mode followed by some Mutual Offices, the distinctive principle of which is, that no Bonus can accrue to the holder of a Policy, until he has paid up, in the shape of Premium and Interest, the full amount for which he originally assured.

It will be observed in the above Table, that an individual who assured his life for L.1000 previous to April 1837, has secured an addition of L.125 in the way of Bonus, so that *whenever he dies*, the sum of L.1125, with farther accumulations, will be payable to his Representatives. Also, that an Assurance of the same amount effected in the year 1846, previous to April 30th, has been increased by an addition of L.12 10s., likewise payable whenever the claim *emerges*. If the two lives here instanced should survive 30th April 1851, a farther Bonus will be declared, not on the L.1000 originally assured only, but upon L.1125 in the one case, and L.1012 10s. in the other; so that in this way, precisely the same benefits are reaped, as if each had opened a new Policy in 1846 of L.125 and L.12 10s. respectively. This mode of *allocating and treating* the Bonus, is obviously much preferable to a system which gives nothing in the shape of Profits periodically to the assured, but only promises, that when he has paid the whole L.1000, he will *then* be entitled to his share of what Profits may have accrued; *but without guaranteeing him that the expenses of the Management, &c. will not exceed a fixed per-centage on the Premiums*, as is done by the NORTH OF SCOTLAND ASSURANCE COMPANY.

[Continued.]

[North of Scotland Fire and Life Assurance Company—Continued.]

It is thus clearly demonstrated that the advantages held out to the public by the NORTH OF SCOTLAND COMPANY in its First Prospectus, were genuine, and have been proved from *ascertained results* to be of a character which no one who examines them can fail to appreciate.

The *intending assurer* must bear in mind, that in taking out a Policy, there are three considerations which ought to operate in fixing his choice upon a particular Company.

The First of these, and by far the most important, is the *security and stability* of the Company; the Second, *the amount of the Premium charged*; and the Third, *the greatest amount of benefit to be derived from the Investment*. In the NORTH OF SCOTLAND COMPANY these are all combined. The paid up Capital of the Company, with the influence and support of more than one thousand partners, affords an undoubted security for all its engagements. The Premiums are upon the lowest scale consistent with *perfect security*, while there is no charge for Entry-Money; and LASTLY, the Bonus which has been declared, affords the most convincing proof of the profitable returns which the Assured in the Participation Scheme of the Company will from time to time realise.

To parties wishing to effect Assurances for fixed Sums, without Participation in Profits, the Rates of the Company will be found extremely reasonable, and to contrast favourably with those of any other Offices.

NEW RATES OF PREMIUM

The Directors of this Society, with the view of meeting the wants and wishes of that large class of persons who prefer the **PRESENT ADVANTAGES** of reduced Premiums to a prospective bonus in the shape of an addition to their Policies, have constructed a new Scale, based on the safest and most approved data, viz :—The **EXPERIENCE TABLES** recently compiled by a committee of actuaries, from the records of seventeen of the leading London offices, including the Amicable and the Equitable.

The Society now offers the following advantages :—

The **LOWEST SCALE** of PREMIUMS which can be safely adopted.

Example.—For an assurance of £100, payable at death.		
Age 20	£1	13 1
„ 30	2	2 10
„ 40	2	18 7

Other ages at proportionate rates.

UNDOUBTED SECURITY, guaranteed by a large capital; an influential Proprietary; the long standing of the Office; and the satisfactory results of its business.

FACILITY in the SETTLEMENT of CLAIMS, which are payable within three months from the date of proof.

LIBERTY TO TRAVEL IN ANY PART OF EUROPE without extra Premium.

To those who desire to secure the advantages of a prospective Bonus, by a small additional outlay, the Deed of Settlement assigns **FOUR-FIFTHS** of the Profits.

Bonuses may be commuted for equivalent reductions of Premium at the option of the Assured, by which arrangement the amount originally assured may be kept up at a continually decreasing cost.

Insurances effected on Joint as well as on Single Lives, for short terms or otherwise, and to meet any specified contingency.

Premiums may be paid in one sum, or in any other equitable manner to meet the convenience of the public.

The Age of the Life Assured is admitted on the Policy at the time of effecting the Assurance, or at any other time, on production of satisfactory proof.

THE SUM ASSURED may be made payable to the PARTY HIMSELF on his attaining a *specific age*, or sooner if he should die *before* attaining that age.

Assurances to the extent of £5000 may be made on a healthy Life, according to any of the above Plans.

This Society *advances money* on the security of Entailed Estates in Scotland.

JAMES SYM, Accountant, 68, George Street, Edinburgh.

Extract from the North British Advertiser Supplement, May 8, 1847.

"We last week noticed the annual meeting held in the London Tavern, of the Printers' Benevolent Fund, for providing annuities to old and disabled members, and we threw out suggestions for such an association being formed in Scotland; we have now to notice a society of a similar nature, which has been in operation since 1840, and which held their sixth annual meeting at the London Tavern on 25th February last—John Abel Smith, M.P., the Treasurer of the Society, presided. The report stated that during the last year 152 members had joined the Benevolent Department, the income of which was L.816, 18s. 4d., and that 374 new members had joined the Insurance Department, now exceeding 1000 members—each member joining the latter, and being a clerk, becoming, *ipso facto*, a member of the Benevolent Department, and entitled to all its privileges. These privileges are of a most peculiar and liberal description, and require only to be known to be highly appreciated. The trustees of the two departments are men of the very highest standing in society, viz., Thomas Baring, M.P., Thomson Hankey, jun., and W. G. Prescott, bankers, and Baron Lionel De Rothschild; and the patrons of the society are the principal commercial banking firms in London. The idea of forming the society originated with these parties from their experience of many of their clerks, who held a good status in society during their lives, dying without having made any provision for their wives and families, the support of whom generally fell upon their employers. To encourage Life Assurance the society was formed in conjunction with the Benevolent Fund, which was at once established by donations exceeding L.10,000, and supported by annual donations and contributions, besides the interest on the capital, and one-third of the profits of the Insurance Department (the other two-thirds of profits being added to the Policies). From this Benevolent Fund annuities are granted to distressed members, varying from L.25 to L.35 a year, according to the length of membership, and annuities to widows of members, varying in like manner from L.15 to L.25, besides gratuities and allowances to orphan children. A subscription of one guinea per annum constitutes a member—or an Assurance, of whatever amount, also constitutes a member."

THE The rates of Assurance are lower up to the age 40 than those of eleven offices given in the table published by the Scottish Provident. The Policies are secured by a Guaranteed Capital. And there is no Probate or Inventory duty payable—nor stamp duty on Assignments—being exempted by the Friendly Society Acts.

THIS ASSOCIATION is Constituted on the principles of Mutual Assurance, with the benefit for the first Twenty Years of a capital of £20,000. From the nature of business transacted by the Association it has obtained support from all Classes of the Community ; it is the first and only Office in Scotland which extended the business of Life Assurance, and made the same accessible to the industrious though humble artisan, upon terms equally profitable to every Assuring member—whether insured for a large or small amount.

The Association, although established under the immediate sanction of the Grand Lodge of Scotland, is in every respect a public Association, and while ready on the one hand to issue Policies for the small sum of L.10, it is equally open to transact business on the extended scale pursued by other Companies.

The business of Life Assurance, in all its branches, is comprised in the operations of this Association, and the terms (which embrace every advantage derivable from the experience of older Institutions) will be found liberal and favourable to the Assured.

Advances are made on heritable or personal security, &c. &c.

Prospectuses, containing Specimens of the Tables of Rates, may be obtained *Gratis*, at the Head Office, or at the various Agencies.

THE SCOTTISH PROVIDENT INSTITUTION IS THE ONLY OFFICE IN WHICH THE ADVANTAGES OF MUTUAL ASSURANCE MAY BE OBTAINED AT MODERATE PREMIUMS.

In some Offices Assurers are offered the choice of a moderate Scale of Premium, without any claim to share in the Profits—or of a right to participate in these, at an excessive rate of Premium. Assurers with the SCOTTISH PROVIDENT INSTITUTION are the sole recipients of the Profits, and at rates of Premium equally moderate with those of the *Non-Participating* scale of any other office.

The PREMIUMS, at early and middle ages, are about a fourth lower than in any of the other Scottish Mutual Offices; so that the sum usually charged, say at age thirty, for an Assurance of L.1000, will secure about L.1230 in this.

The Principle on which the SURPLUS is divisible, is at once safe, equitable, and peculiarly favourable to good lives.

By THE USUAL PRACTICE, the representatives of a person assured for L.1000, and dying in six or eight years after entry, will carry off not only the original sum in his Policy, but a further sum in name of *Profit*, although the Premiums which he has lived to pay will not amount to one-fourth of his original assurance, and therefore the common fund has already been loser by him to the extent of more than L.750.

IN THIS OFFICE, the Surplus, instead of being frittered away among Policies that have subsisted only a few years (and on which there must be a *loss*, and not a *profit*), is reserved entire for those members who survive the period at which their Premiums, with accumulated Interest, amount to the sums in their Policies. Being thus divided among a comparatively small number, the share, or Bonus, falling to each, will necessarily be greater than by the usual mode.

The Ninth Annual Meeting was held on 17th ult.,—CHARLES LAWSON, Esq., in the chair.

The REPORT by the DIRECTORS congratulated the members on the accelerated progress of the Institution. During the year 416 new Policies, assuring a sum of L.191,102 (besides Annuities, &c.) were opened, the annual Premiums amounting to L.5,483.

Since the commencement 2520 Policies have been issued, covering Assurances to the extent of upwards of L.1,150 000. The existing assurances were L.984,463; and the annual Income considerably exceeded L.30,000.

The experience of the institution in regard to mortality has been throughout most favourable. Reckoning from the commencement, only 68 deaths have actually occurred for every 100 that might have been expected according to the Government table; while the actual number has been less than a half of what would have occurred according to the Northampton table.

On the motion of Mr DUNCAN, Manager of the National Bank, seconded by Mr HECTOR, Advocate, the Report was unanimously approved of. And on the motion of Mr WHITEHEAD, Master of the Merchant Company, thanks were voted to the Directors for their services.

AT THE RECENT INVESTIGATION A SURPLUS OF L.30,485 WAS REPORTED AFTER PROVIDING FOR ALL CLAIMS AGAINST THE INSTITUTION.

Thus, a person aged thirty may secure L.100 at death, for a yearly payment, during his life, of L.2, 1s. 6d. Or he may secure the same sum at death for a yearly premium of L.2, 14s. 6d., ceasing on his attaining the age of fifty—being thus entirely relieved of payment before he has passed the prime of life, and that for nearly the same premium as other Mutual Offices require for the whole of life.

LIFE DEPARTMENT.

THE following advantages are offered by this Company.

I. SECURITY.

It is possessed of a very large subscribed capital, divided among a numerous body of Proprietors, and thus the absolute security so essential to a Life Assurance Society is afforded in its most substantial form.

[Continued.]

[*Scottish Union Fire and Life Insurance Company—Continued.*]

II. PREMIUMS.

The Rates of Premium have been calculated expressly for it, and will bear a fair comparison with those of other companies. No ENTRY-MONEY IS CHARGED. Parties may assure either a specific sum, payable at death, on payment of a reduced rate of premium; or, on payment of an increased rate, they may participate in the profit scheme of the Company.

III. DISTRIBUTION OF PROFITS.

Two-THIRDS of the Profit arising on the Participating Class of Policies, *without being subject to any charges for Management*, are divided EVERY FIVE YEARS among those entitled to participate, on the MOST EQUITABLE PRINCIPLES, viz., in the proportion each party has contributed to the fund.

At the Second Investigation of the Profit Fund, for the Five Years preceding 1st August 1846, the Directors were enabled to declare a Bonus, averaging about one and three-quarters per cent per annum on the original Sums Assured.

The President, Vice-President, and Trustees, as also the whole Directors of the Society, are and must, in terms of the Laws, be Members of, AND PERSONALLY CONNECTED WITH THE SOCIETY, by Assurances of a determinate number of years standing.

THE SCOTTISH WIDOWS' FUND is founded, like the **EQUITABLE SOCIETY** of London, on the **PRINCIPLE OF MUTUAL CONTRIBUTION**—or, in other words, on the principle of appropriating the **WHOLE PROFITS** to the Assured.

The average amount of Insurances effected during the last ten Years, has been upwards of
HALF A MILLION ANNUALLY.

The last periodical investigation into the affairs of this Society took place on 31st December 1845, when it was ascertained that the Surplus Fund amounted to upwards of
£ 6 1 4, 0 0 0

and it was sufficient to enable the Directors, after setting aside upwards of
£204,000 AS A GUARANTEE FUND,

to declare and provide for the following additions:—

- I. An addition at the rate of Two per Cent. per annum for the period from the 31st December 1838, on the *accumulated* amount of the original Sums assured, and the previously declared Additions; being, in the case of the early Insurances,

UPWARDS OF THREE PER CENT. PER ANNUM OF BONUS
on the original Sum Insured.

And in order to provide for the case of those parties who may die before 31st December 1852, when the next investigation and declaration of surplus is made, there was provided, farther

- II. An addition at the rate of Two per Cent. per annum, on the *accumulated* amount of the original Assurances, and *previously* declared additions, for each Premium that may be paid after 31st December 1845, provided the party die before 31st December 1852 (having been insured at least five years,) *this addition, supposing the case of a party insured in the early years of the Society's existence, to die after payment of the premium for the year 1852, would be for the 7 years from 31st December 1845, to 31st December 1852, upwards of 25 per cent. on the original Assurance; or at the rate of upwards of*

THREE AND A HALF PER CENT PER ANNUM OF BONUS
on the original sum insured.

[*Scottish Widows' Fund and Life Assurance—Continued.*]

The principles of division of the profits may be ascertained on application to the MANAGER, at the Head Office, or to any of the Agents of the Society.

The operation of these principles is such, that there were appropriated and divided amongst the Members,

At the First period of investigation exactly *two-thirds* of the profits realized previous thereto.

At the Second period nearly *three-fourths* of the profits realized between the first and second periods.

At the Third period nearly *four-fifths* of the profits realized between the second and third periods.

At the Fourth period nearly *six-sevenths* of the profits realised between the third and fourth periods.

Besides which, there is at present unappropriated, and reserved as a GUARANTEE FUND, to maintain the stability of the Society, in terms of the laws, upwards of Two Hundred Thousand Pounds.

This Society owes its success to various causes, but particularly,

- 1st. To the SELECTION OF THE LIVES. So particular have the Directors been in this respect, that upon an approximate estimate made on the 31st December 1838, it was ascertained that the actual losses had only been in the ratio of fifty-seven for each hundred that might have been expected according to the Tables of Mortality upon which the Society's calculations are based—and upon a similar estimate made on the 31st December 1845, it was ascertained that they were only in the ratio of fifty-one for each hundred that might have been expected. In one year alone there were rejected as many as 142 proposals for insurance, the sum to be insured being L.160,000.
- 2d. To the economy in the Management—which is as great as can be maintained consistently with the proper and systematic conduct of the Society's affairs.
- 3d. To the liberality in their dealings, and punctuality in payment of their claims. Unless in those cases where fraud is suspected, every facility is given to the representatives of deceased Members to effect a speedy settlement of the sum insured.

[*Standard Life Assurance Company—Continued.*]

PROGRESS OF THE BUSINESS DURING THE YEAR 1846.

The new Policies issued from the 15th of November 1845, to 15th of November 1846, the Company's business year, amounted to 592, the number of proposals made to the Company during the same period being 769.

The amount of New Assurances, covered by the 592 New Policies issued during the year, was L.368,679, 7s. 10d. (an average of L.625 for each Policy); the amount of Assurances applied for during the year being L.476,135, 17s. 9d.

The claims were moderate, both in number and amount, and considerably less than shown by the mortality tables on which the Company's calculations are founded. The results in other branches of the business were favourable.

The business of the Commercial Life Assurance Company of Scotland was transferred to the Standard Company during the year 1846, being 398 Policies, covering about L.200,000 of assurance, and being in addition to the new business of the year above reported.

The business of the York and London Assurance Company, which was transferred to the Standard Company in 1844, continued to exhibit satisfactory results in its progressive development.

The revenue of the Company exceeded L.120,000 per annum.

The Standard Life Assurance Company is so constituted as to afford the benefit of Life Assurance to all who may seek its protection in that form which is best suited to attain their object; while to those who look to the advantage to be derived by way of bonus to their policies from the favourable results of the business, there is every inducement to connect themselves with the Company.

Forms of Proposal and every information may be obtained at the Company's Offices, 3, George-street, Edinburgh; 82, King William-street, London; 66, Upper Sackville-street, Dublin; 35, St Vincent-place, Glasgow; or at any of the Agencies which are established in the principal towns of Scotland, England, and Ireland.

THIS COMPANY have introduced a totally new feature in LIFE ASSURANCE, and instead of its being limited, as it has been by all the plans hitherto practised, to the comparatively small class possessed of fixed incomes, from which they could undertake the burden and risk of an annual premium, it has, by the plan adopted by this Company, been thrown open to every saving man in the community, enabling him to lay aside what he can spare from his income from time to time, as it may best suit himself, and affording him all the peculiar benefits of LIFE ASSURANCE, without bringing him under any obligation for payments which he may not have the power or the wish to continue, and at the same time leaving him the full command, should he require it, of all or any portion of the sums so paid to the Company, as if deposited in a Bank.

YORKSHIRE FIRE AND LIFE INSURANCE COMPANY,

Established at York 1824, and empowered by Act of Parliament.

CAPITAL, £500,000.

THIS Company has been established twenty-three years, and has met with great support and encouragement; and it is confidently anticipated that the liberality of its terms, and the ample security which it affords to the public for the fulfilment of its engagements, will continue to secure to it the preference it has hitherto enjoyed.

The Directors have had an entirely new and extensive set of Tables drawn up for the Insurance of FEMALE LIVES, it having been found by experience that a considerable reduction may be made in the Premiums for such Insurances.

The following specimen is exhibited of the rates for both MALES and FEMALES, which are the lowest upon the average taken by any office.

TO CONNOISSEURS AND AMATEURS OF THE FINE ARTS.

MR JAMES WALKER,
PICTURE LINER, CLEANER, AND RESTORER,
15, DUKE STREET, EDINBURGH,

BEGS respectfully to draw the attention of the Nobility, Gentry, and Amateurs of the Fine Arts to his very Superior Method of Lining Old Pictures, which has given entire satisfaction to many of the most distinguished Collectors in Scotland, and which has been universally acknowledged as much superior to any mode that has hitherto been in practice in London or Paris.

The great advantages derivable from the process of Lining Pictures has long been familiar to Connoisseurs. To the possessor of Family Portraits (and to them Mr WALKER begs especially to address himself in this notice) it is peculiarly valuable, as being the means of preserving those interesting relics of Family History, which would otherwise from the lapse of time fall to decay. The absolute necessity of Mr WALKER's process is peculiarly the case where the Portrait has been painted at an early period of Art, when the canvass and stretchers were formed of the most flimsy materials, and which, in consequence, cannot now be cleaned or even dusted without injuring the picture.

By Mr WALKER's process many of the finest Works by the Old Masters, which have become dilapidated through time or accident, have been entirely restored to their former beauty, without destroying their most delicate colours or glazings. His mode of Lining gives a smooth and solid surface to the Picture, without crushing those parts which have been painted with a full body of colour—a defect which has often characterised the work of the most skilful in the profession. His process also renders the Picture ever afterwards impervious to damp.

Mr WALKER begs leave also to draw particular attention to his mode of transferring Pictures painted on panel to canvass, which is rendered necessary when the panel is affected by dry rot or worm. Many of the Finest Examples of the Old Masters in the Continental Galleries have, for preservation, been recently subjected to this operation; and Mr WALKER, in a recent lengthened residence there, made it his peculiar business fully to study the process, and is happy to say that he has applied it with the greatest success in Scotland.

Noblemen and Gentlemen's collections of Pictures in the Country cleaned, varnished, and arranged. *Specimens may be seen at his house, 15, Duke Street, Edinburgh.*

DR E. D. ALLISON'S NEW MEDICINES.

LABORATORY, 101, SOUTH BRIDGE.

(Established for upwards of Sixty years.)

DR ALLISON, from a deep conviction of the imperative necessity of protecting a confiding and grateful public from the imminent and irrecoverable dangers of unprincipled, ignorant, and purely commercial empiricism, has lately introduced the following **NEW MEDICINES** (with suitable directions), which in almost every instance of their exhibition have been as yet singularly and permanently beneficial; and, therefore, strongly recommends them. In any peculiar case in which they may be found inapplicable or unsuccessful, Dr. A. will, with the greatest pleasure, make the proper alterations. The Medicines will bear Dr A.'s name.

Its use (even in very inflammatory cases) is now confidently and earnestly recommended.

W. F. VERNON,

SURGEON-DENTIST,

Who has had Twenty-one Years' Practical Experience,

GRATEFULLY acknowledges the very liberal encouragement he has received from his Friends and the Public, and he trusts, after such long experience, combined with a frequent correspondence with the British Metropolis, which enables him to keep pace with all the improvements in Dental Surgery, that he will still continue to receive a share of public patronage.

In cases of Toothache, Mr Vernon highly recommends his improved method of filling decayed Teeth, whereby immediate relief is given, and the teeth made useful for many years afterwards.

Natural and Mineral and other Artificial Teeth, including the Incorrodible, (which is at present unsurpassed by any other in the perfect resemblance of the natural, neither are they affected by acids,) supplied from one to a complete set, without pain, on terms strictly moderate.

All consultations on the Teeth and Gums free.

. Hours of Attendance from nine A.M. to seven P.M.

Advice and Medicine to the Poor gratis, from nine to ten A.M.

EDINBURGH, May 1847.

STAMMERING, HESITATION, LISPING, BURREING, &c.

16, SOUTH CHARLOTTE STREET.

MR A. MELVILLE BELL, Professor of Elocution and the Philosophy of Speech, (late of London,)

can guarantee a PERFECT CURE in all cases of DEFECTIVE or IMPEDED utterance, where there is no organic malformation. References of the highest class will satisfy the most sceptical as to the completeness and permanency of the cures effected by Mr Bell's purely educational treatment. Pupils may be received at any age: Mr B.'s practice has included all ages, from four to upwards of forty years. Terms according to circumstances: in all cases moderate.

ARTICULATION, ELOCUTION, AND ORATORY.

Private Instructions in every department of Rhetorical Delivery, suited to Ministers and Public or Private Speakers of all classes.

Mr Bell has had the honour of receiving from numerous professional and other patrons, the most gratifying evidences of the value set upon his Private Courses, and of the practical benefit obtained from them.

Two Evening Classes for STUDENTS, for the Theory and Practice of Elocution, open during College Sessions.

A Morning Class for YOUNG LADIES, for Elocution and English Composition.

Prospectuses, and cards of terms, at 16, South Charlotte Street.

A SINGLE TOOTH FOR FIVE SHILLINGS.

FILLING DECAYED TEETH, 2s. 6d.

MR H. A. BARROW, SURGEON-DENTIST, No. 45 NORTH FREDERICK STREET, Edinburgh, is at length enabled to MAKE TEETH AVAILABLE to ALL CLASSES, his price for a single Tooth being 5s., whatever quantity may be required, of his very best quality; and the price can only be increased by expensive mountings.

A complete Set of Teeth from £5. Beautiful Sets of Incorrodible Mineral Teeth equal to those mounted in Gold Sockets, usually charged from Twenty-five to Thirty Guineas, at the unprecedented low rate of £12.

The Mechanical Department is filled by first-rate Workmen from London and Paris, and it is only the immense quantity manufactured that renders it possible to fix the prices so low. FILLING DECAYED TEETH 2s. 6d. Artificial Teeth out of repair, remodelled to fit the Mouth, and brought to their former shape and appearance. Loose Teeth fastened, whether arising from age, neglect, the use of calomel, or any other cause.

The ADAMANTINE CEMENT is highly approved of by the Faculty in filling decayed Teeth. It is introduced into the Cavity in an almost liquid state, without the least pain or inconvenience—immediately hardens into enamel, converting a mere shell into a sound tooth, arresting the progress of further decay, and curing and preventing the Toothache.

Mr BARROW is happy in announcing he has discovered a certain remedy for SCURVY in the Gums, which, if used with his Oriental Tincture, will entirely extirpate the complaint. Price 5s.

Attendance daily from 10 till 7.
